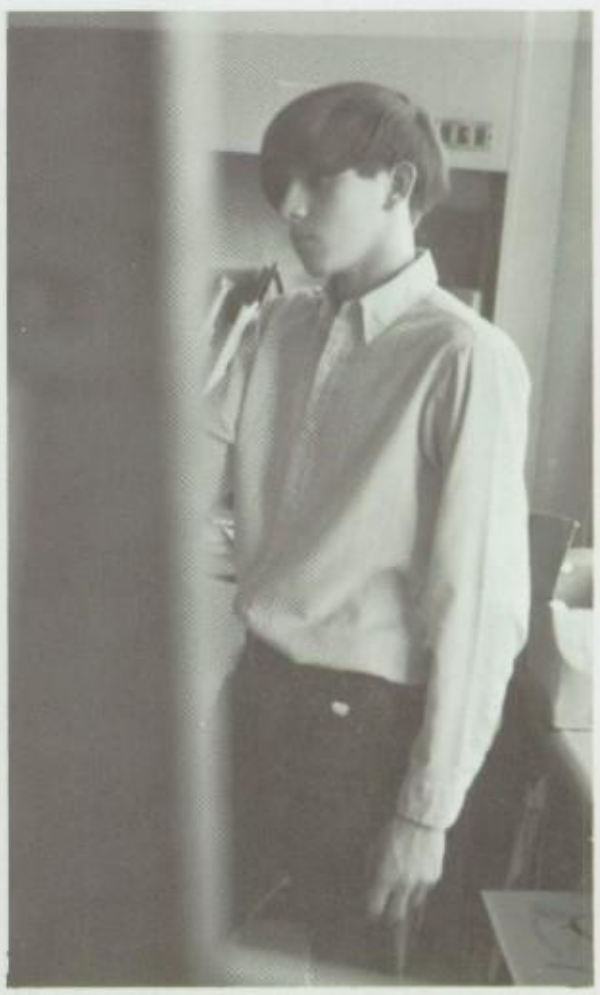
your fantasy comes from what you know
and what you know isn't always real.
you don't know life yet
don't I know the pain
of being weak;
the strong being
more deserving as so
they believe.
please don't let me scare you
if you love life.
life is wonderful
there are those like me who can't bear it
but if you keep running from it
you get lost,
and all you will know is fear
but if you love life
life will treat you kind.

Karen Hutton

You've got to get up
every morning
with a smile on your face
And show the world
all the love
in your heart
You're gonna find
You're as beautiful
as you feel.

SINGER

Remember one thing —
don't lose your head
I firmly believed
that I didn't need anyone
but me
I sincerely thought
I was so complete
Look how wrong
you can be.



Hard Times
Are only the other side of
good times
But if you've ever wished
hard times would go
Do you know
what it's like
to wish good times
would come
Doesn't it seem like
a long time
Seems like a long,
long time
You know it makes me sad.

Hi Pat,
you a real cute kid, I hope
you in some of my classes next
year so I'll have someone to
bother. I'll remember you in
Social Studies class and decide
they would of probably be
a bore without you to bother
them. That's the way things
go. I hope you have a nice
summer and enjoy cleaning
your pool. Be good and
don't hit anyone with
your car. Be
good.

Superintendent

Arnold B. Copping, Herkimer Central school's superintendent since 1959, has submitted plans for retirement to the Board of Education, effective July 1, 1972. With the current school year he will have completed 41 years of service.

O blest retirement, friend to life's decline,
Retreats from care, that never must be mine,
How happy he who crowns in shades like these
A youth of labor with an age of ease;
Who quits a world where strong temptations try,
And, since 'tis hard to combat, learns to fly!
And, all his prospects brightening to the last,
His heaven commences 'ere the world be past!

There, in his noisy mansion, skilled to
rule
The village master taught his little
school.
A man severe he was, and stern to
view;
I knew him well, and every truant
knew,
Full well they laughed with
counterfeited glee
At all his jokes, for many a joke had
he;
Yet he was kind, or, if severe in aught,
The love he bore to learning was in
fault;
While words of learned length and
thundering sound
Amazed the gazing students ranged
around;
And still they gazed, and still the
wonder grew,
That one small head could carry all he
knew.

Occupational Education is a program intended to serve the occupational needs of in-school youth, out-of-school youth and adults. Courses are geared to prepare individuals to function successfully at an entry level for known job opportunities.

Many students who will continue their education beyond high school find occupational education courses of extreme value.

Counseling is provided at the Center to help students with occupational goals and the coordination of a student's program with his home school offerings.

Upon leaving school, the Center provides job placement services, in helping the students to secure employment.

Friends . . .
I will remember you
Think of you

Friends with you.

To help you on the way down the road
I couldn't quote you no Dickens
Because it's all been said before
Make the best of the bad — just laugh it up —
You didn't have to tell me anyways cuz
Every picture tells a story.

I will remember all my life . . .

Student Council

The Student Council as the pupil-representative gov
erning body of the school dedicates its energies to bet
ter relationships with students, teachers, and com
munity.

Our goal for the year 1971-1972 is to make matter
better for the individual student. We believe that eac
scholar should express his or her views concerning coun
cil affairs.

Contributed time also goes into explaining ou
responsibilities to our classmates. They, then in turn
help us in aiding our community in their special pro
ects. Results are usually successful.

Our goals are based on the needs of the studen
body and we, the council, try to fulfill them.

Your caring for our school is our catalyst.

". . . to employ international machinery for the promotion of the economic and social advancement of all peoples . . ." is a purpose of the United Nations. It is also a major purpose of International Club. To carry out this goal, International Club undertook many projects. Some of the activities which we participated in were: A.F.S. program, Students Alliance for Progress program, Christian Children's Fund, John F. Kennedy Memorial in Israel, and giving of gifts to the schools in other countries from which we received students.

It was through them that our students became more internationally minded.

All of the F.H.A members are very busy now planning to go to the Herkimer County Home for the elderly. They are planning to make flowers, and collect magazines for them. Future plans call for monthly visits to the home. It is hoped that this program may be expanded to visit elderly persons living alone.

F.T.A. 1971-72

The Future Teachers of America offers any student, interested in teaching, the opportunity to explore various phases of the profession.

This year we have been occupied with several activities. Bake sales, pizza sales, and dances have been held to raise money to support the F.T.A. Scholarship, which is given annually to a graduating member. To further acquaint the members with the teaching profession, we had various speakers.

Students also acted as teacher's aides in order to give the students experience in some of the duties of a teacher.

Pep Club 1971-72

School spirit is a very important element in school life. There should be an active participation in school athletics. The student body should stand behind the teams and show them they have their total support.

Pep Club this year tried to instill this attitude in the student body. The activities of Pep Club have as their main purpose creating spirit such as selling shakers during football season and the "Ugliest Brute" contest. Regular activities of Pep Club were spirit buttons for team members and pep signs for the school halls. If Pep Club has helped to promote school pride and team support, it achieved its goal.

The Girl's Athletic Association is an organization of those who enjoy competing on an interscholastic level. The Girl's Physical Education Department offers approximately fifteen sports throughout the school year, in which a girl may try-out. If she is good enough, she will make the varsity or junior varsity team.

The G.A.A. encourages girls to participate by making it possible for them to earn a varsity or a suedene letter through the accumulation of points as set up by the Club. A high points trophy is awarded at the close of the school year for the girl who gives the most to sports during her years at Herkimer High School. A good sportsmanship award is also part of the groups' activities.

The group sponsors several fund-raising activities and usually plans a trip to some outside sports event. Activity, fun and sociability all add up to make the G.A.A. a part of any girl's school life.

"Magicians"

Here are two young men who had set goals. Their goals were to be State, or intersectional champions. Neither quite achieved his goal. In spite of this they have contributed much to wrestling and to the attitude and spirit of the team and the school. Their discipline, dedication and character development should enable them to face the realities of life beyond high school where goals are shattered but you still never give up in your quest to achieve the highest standards possible.

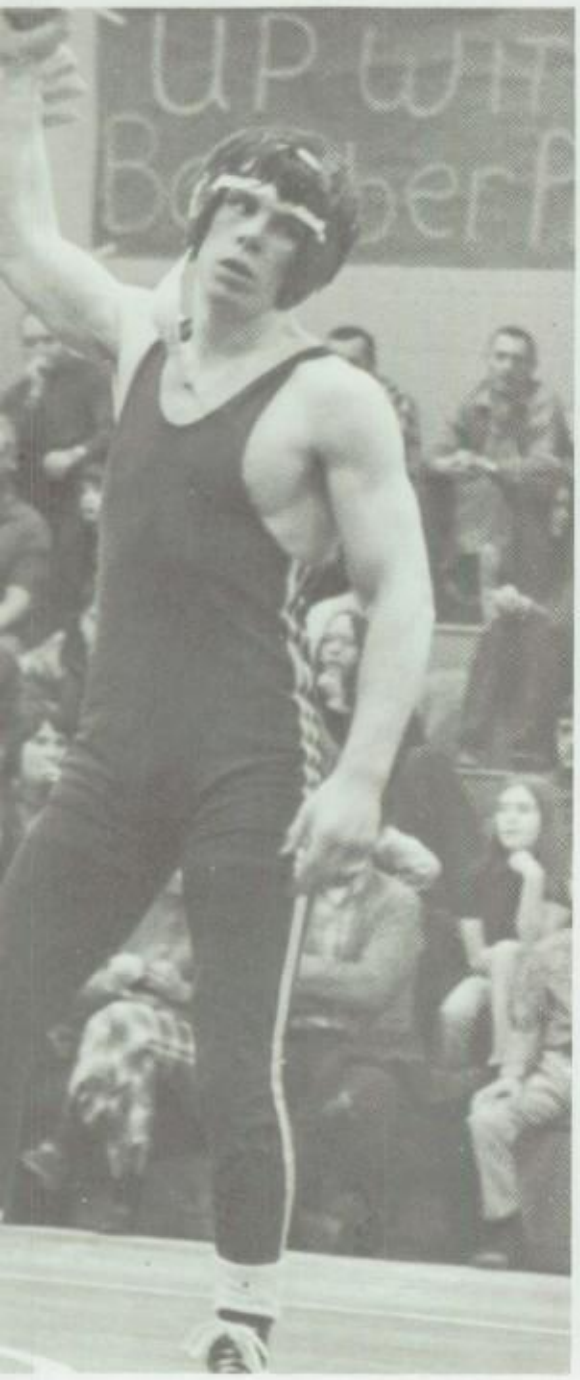
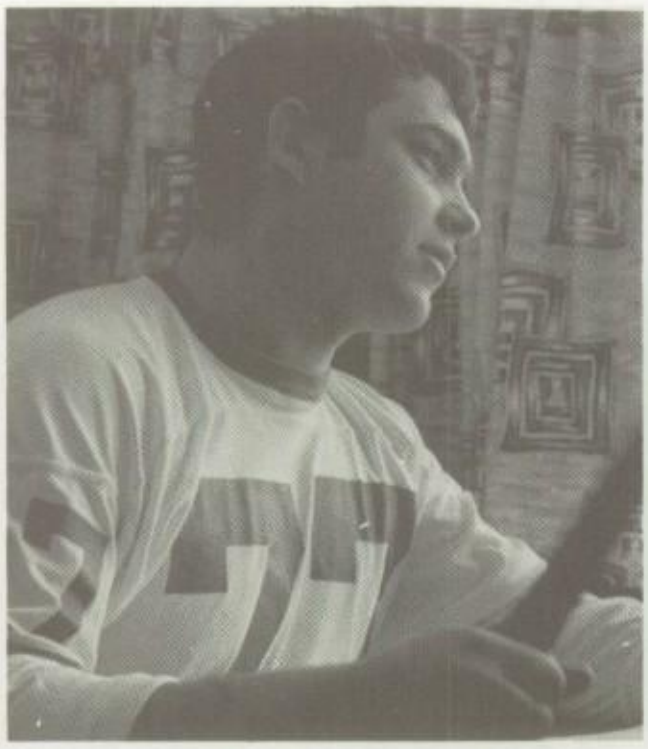
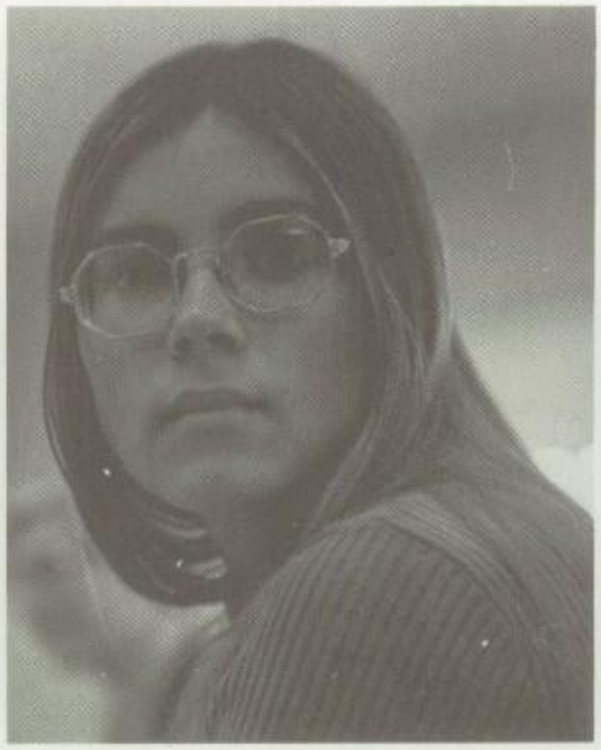
And a youth said; speak to us of freindship
When you part from your friend, grieve not, for that which you love most in him may be clearer in his absence, as the mountain to the climber is clearer from the plain.



Speak to us of joy and sorrow
And be assured When you are joyous
Look deep into your heart and you shall find is only that which has given your sorrow that is giving you joy. When you are sorrowful look again in your heart and you shall see that in truth You are weeping for that which has been your delight.





Fare you well, People
The year has ended
What was given us here, we shall keep
If in the twilight of memory
We should meet once more,
We shall speak again together
And you shall sing to me a deeper song

FAREWELL

To a really great kid, even though you are always insinuating things I haven't done when I'm not bidding. You're a super nice kid, as long as you don't have a camera in your hands. Have fun in the future (I know you will though.) Never forget my party & Lee's party. They were really something.
